To whom it may concern:

This letter is to certify that the products shown below meet or exceed applicable Federal, State and Industry regulatory requirements and standards.

Regardless of the product category all products meet Federal and State packaging and labeling requirements including but not limited to Country of Origin Marking requirements, Fair Packaging and Labeling Act, Coalition of Northeastern Governors, California Proposition 65, and Illinois Lead Poisoning Prevention Act.

Specific category requirements and standards are:

California Proposition 65:

All products comply with the requirements of California Proposition 65. Some products are marked with the warning as defined by the law to comply with the marking requirements. Coleman will continue to evaluate products against the current listing of chemicals and will mark products as required by the law.

Coolers:

All food contact surfaces are tested to 21 CFR Parts 177-199 to meet FDA requirements. Ice retention and leak proof claims are tested to Coleman protocols. Antimicrobial agents are EPA approved and meet the article exemption.

If you have any questions or comments, please don't hesitate to ask.

Regards,

Rob Rippey
